

IKONO

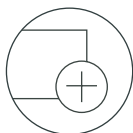

The electronic add-ons for new modern business world

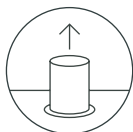

Smart
technology

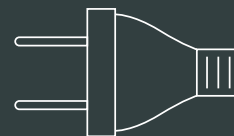

Features

Extendable

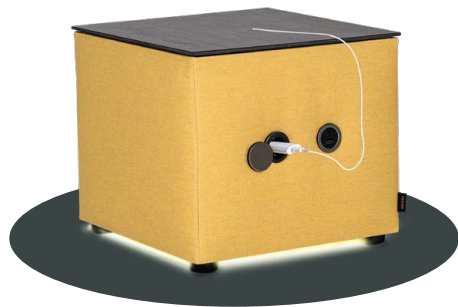

In the office area in particular, the ability to charge your smartphone or laptop is indispensable. The requirements range from individual USB ports to generous connector strips. None of that is a real problem for IKONO and it also looks damn good.

The add-ons can be attached to all side tables, leaning and armrest modules. The exact placement on the module is configured according to the customer's preferences and the requirements on site.

	Smart Strip	2x sockets* 1x USB-slot	225 x 105 mm 230 V
	Tower	1x socket* 2x USB-slot	Ø 127 mm / \updownarrow variable 230 V
	Power Circle	1x inductive charging station	Ø 79 mm
	USB/HDMI/LAN Circle	2x slots selectable: USB / USB-C / HDMI / LAN	Ø 59 mm
	Plug Circle	1x socket*	Ø 59 mm 230 V
	Smart Lamp		\updownarrow flexible arm 450 mm 220 Lumen
	LED Bar		\updownarrow analog module size

* We also offer all international standards.

Do you have further ideas or requirements?

Thanks to the patented IKONO system solution, there are no limits to ideas. As a result of the aluminium profile, we can nearly integrate every add-on into the IKONO module. Just contact us!
