

IKONO

LIVING

Welcome to the world of IKONO.

Our objective is to make the world of seating more modular without sacrificing individuality. All our products consist of a modular system tailored to a range of requirements. The wide range of modules create tailor-made piece of furniture for any space, no matter how unique they are. The different upholstery materials will suit any desired function, and the additional accessories help to round out this new and intelligent world of seating. How we sit has a significant impact on our quality of life.

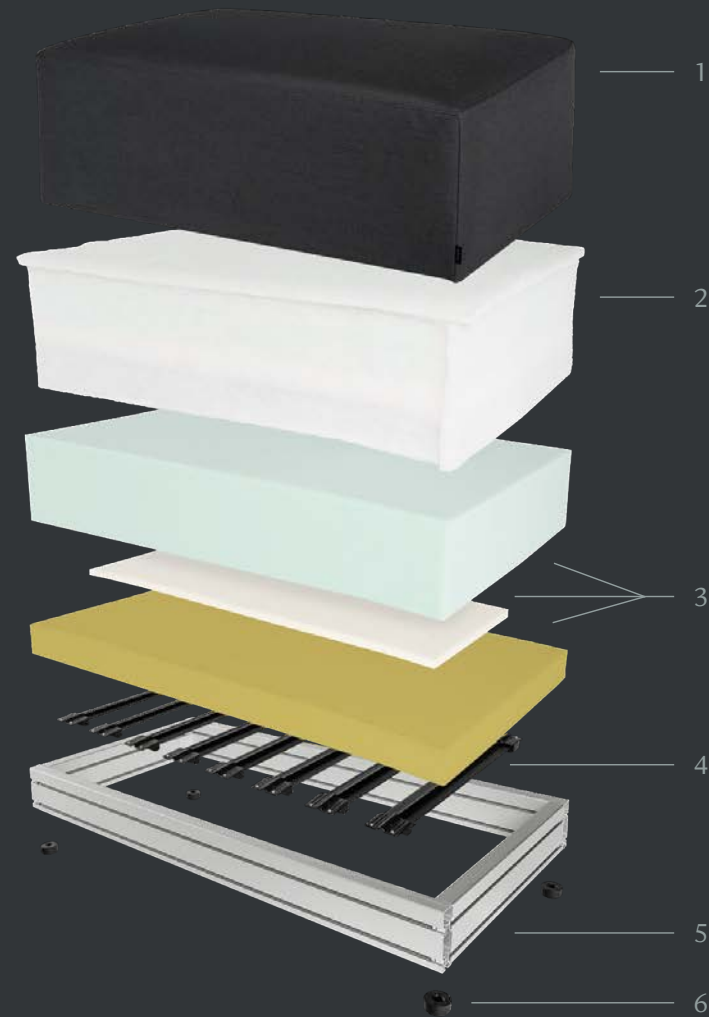

Fully fledged outdoor lounge furniture with the comfort of indoor furniture will give living spaces and wellness areas that extra edge. Thanks to the weatherproofing and full upholstery of the furniture, you can experience outdoor living in a new way. In your own spa and wellness area, you can take it easy on the Relax Lounger and recharge your batteries. For dining areas, we have modules with the usual seating height for a dining table. This way, you can spend the evening enjoying a meal with your nearest and dearest, all with the highest level of comfort. If you then want to end the day on the Lounge in your living area, nothing can stop you. With the modules, you can create traditional formats or completely unique scenes. Shape and design know no boundaries.

* Mo·du·la·ri·ty [n]

quality of consisting of a number of individual standardised parts that, when combined, form a complete whole.

Because inner qualities matter

The makeup of a module

- 1 The outdoor fabric of our furniture sets new standards. The innovation lies in the texture and finishing. Through the so-called “Lotus blossom effect”, liquids of all varieties can drip off the fabric.

- 2 Waterproof cover for maximum resistance against bad weather and water logging.
- 3 Several layers with different levels of thickness of foam provide maximum comfort.
- 4 Slatted frame. Thanks to synthetic fibreglass rods, dynamic cushioning is guaranteed with the seating module.

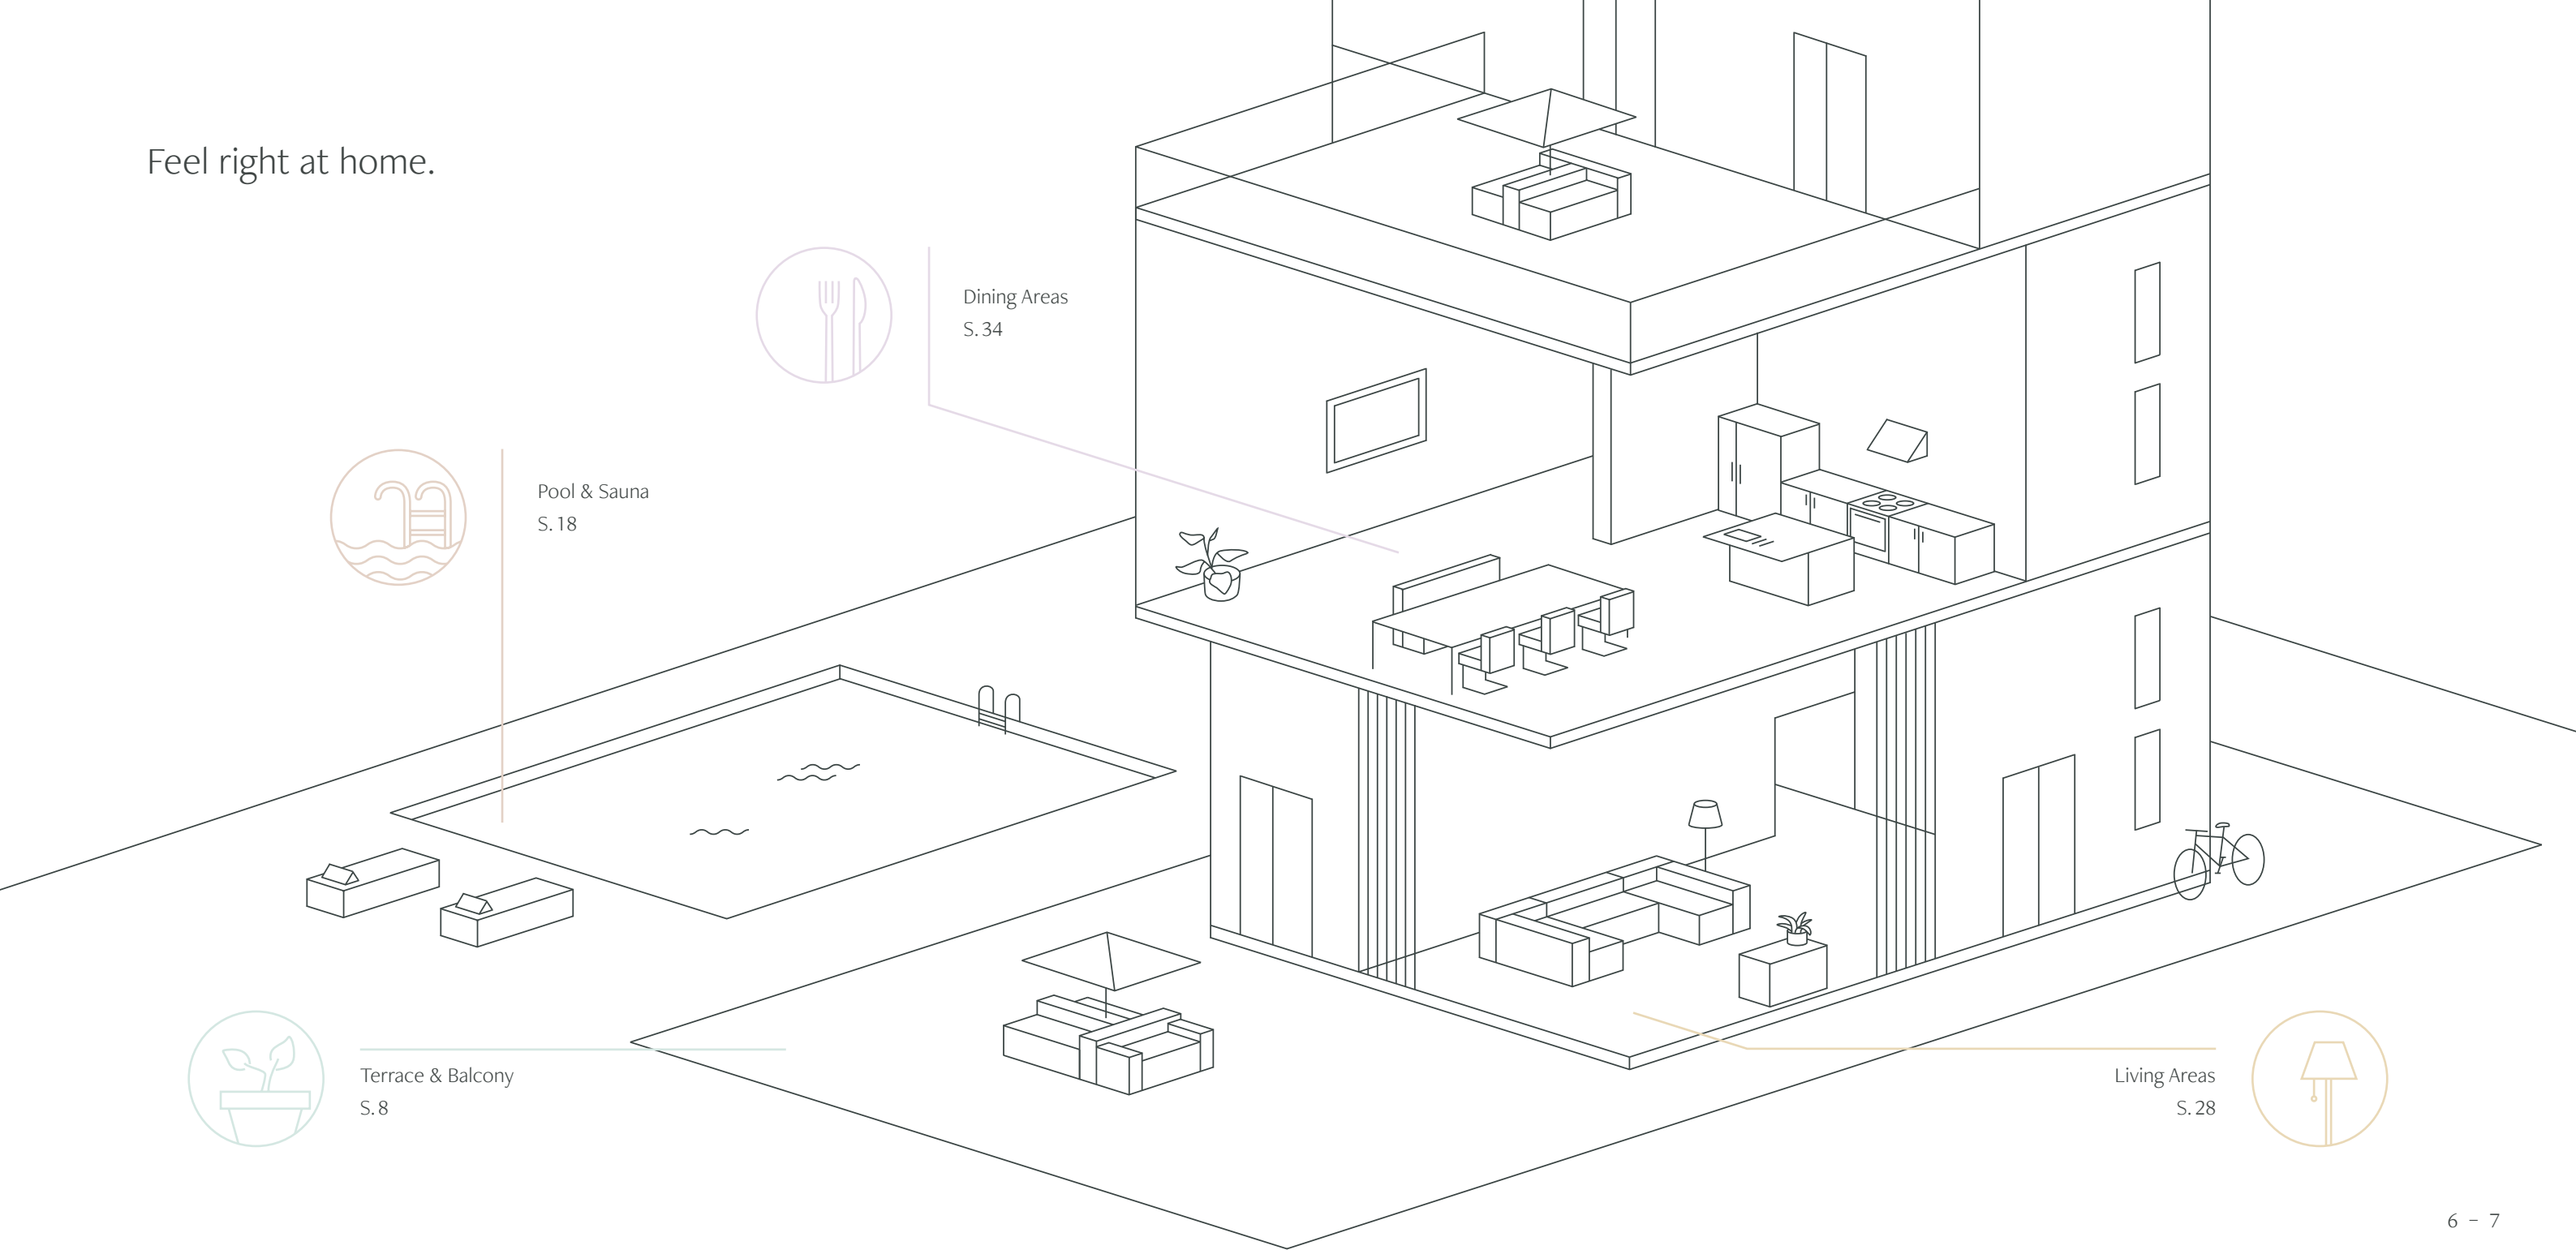

- 5 Aluminium profile. The core element of an IKONO module. Thanks to our own developed and patented aluminium frames, our modules provide an unprecedented standard of quality, suitable for all types of situation and environmental impact. The tried and tested plug-in technology for connecting individual modules is also adjusted with the frame.
- 6 Height-adjustable feet for optimal adjustment – even on uneven floors.

For today. For tomorrow.

All modules are connected with a bracket so that slipping is prevented while re-plugging allows for new shapes to be made at any time. No further tools are required.

Feel right at home.

Terrace & Balcony

Enjoy hours in the sun and mild summer evenings outside. The modular Lounge System will suit your spaces and meet the need for comfortable seating. Thanks to the full upholstery, the furniture retains a pleasant warmth year-round, considerably extending the outdoor season. Backrest elements with integrated parasols are available as optional extras. Through rain and snow, the furniture can remain on the terrace and is ready to go year-round.

2-in-1 Lounge

- 2x Seating module 70 x 140 cm
- 1x Backrest module 40 x 140 cm
- 1x Backrest module 40 x 180 cm

Thanks to the narrow backrest elements, not even a small floorspace can stop you from having a spot of comfort on your home balcony.

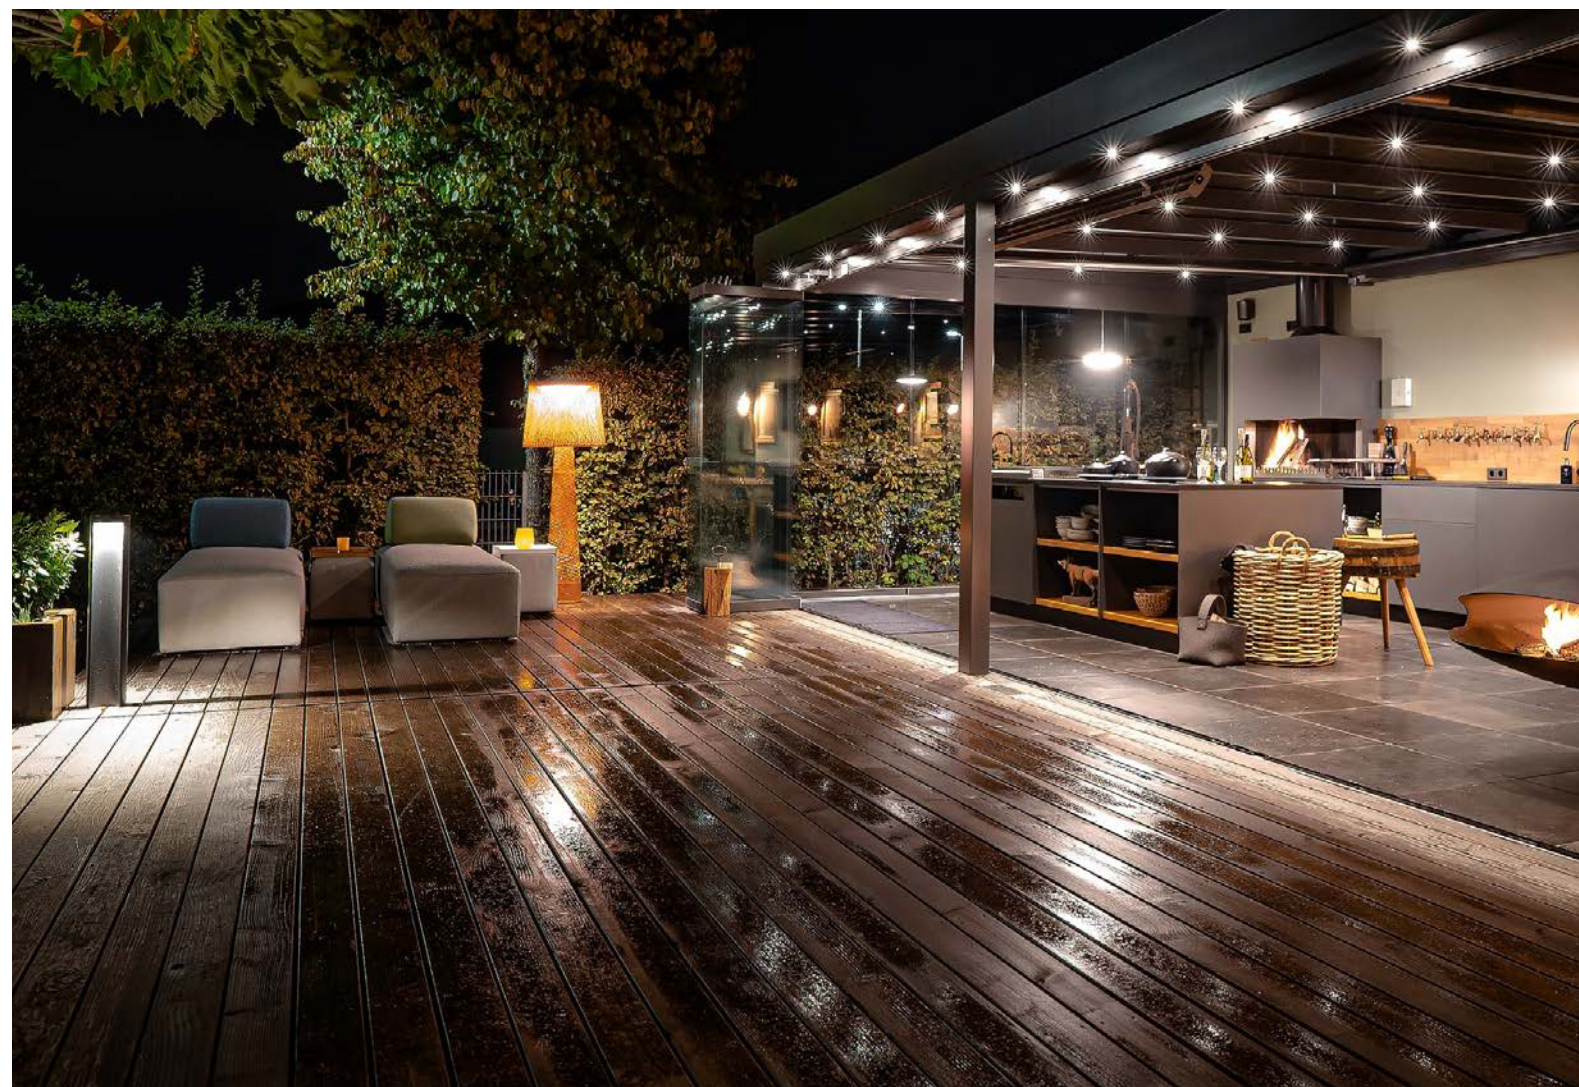

With the wide range of modules, large terraces can also be furnished in a customisable and comfortable manner.

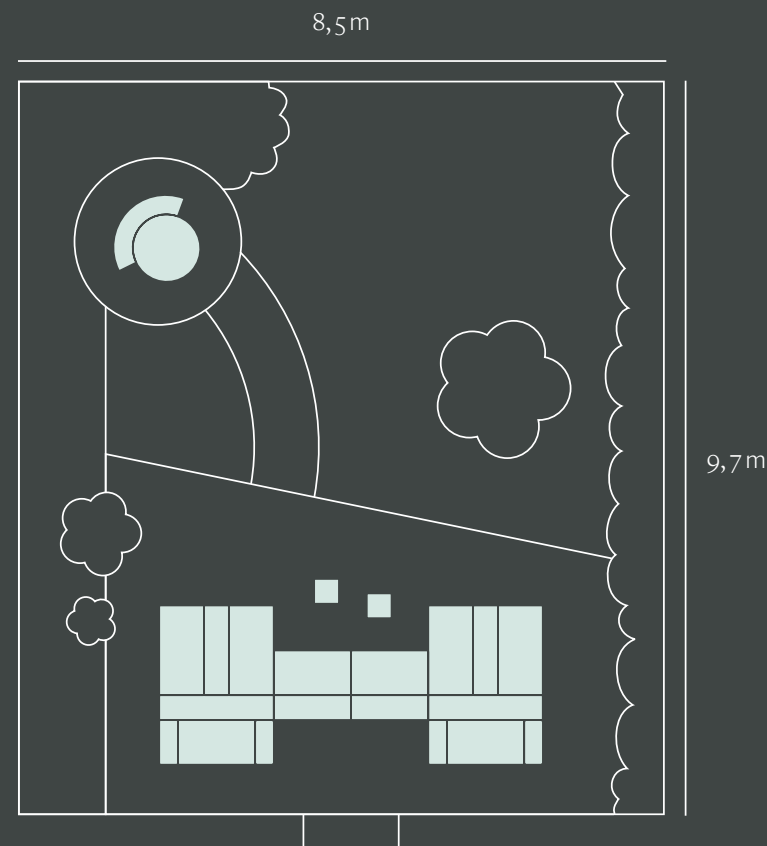

2x Relax Lounger L

Feel right at home outside ...

Outdoor living is the topic of the day, and outdoor kitchens now enable us to spend a large portion of our day in the garden. Thanks to IKONO, the terrace is now a complete living and wellness area. The furniture system provides you with uniform furniture for both sitting and lounge areas without affecting the different purposes.

- 1x Seating module 70 x 70 cm
- 3x Backrest module 20 x 120 cm

Angled terrace

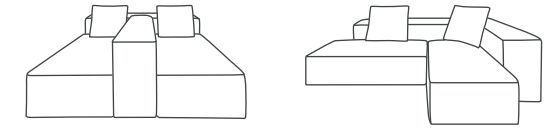

- 2x Relax Lounger S
- 1x Daybed S
- 1x Stool

Pool & Sauna

Wellness and spa areas are perfect locations for IKONO lounges. Thanks to the characteristics of the fabric with its lotus blossom effect, liquid flows off and the furniture is extensively protected from waterlogging. So often dreaded, chlorinated water cannot damage either the feel or colour of the fabric. Make the most of the luxury of your own spa by recharging your batteries on the Lounge furniture.

2-in-1 Lounge

- 2x Seating module 70 x 140 cm
- 1x Backrest module 40 x 140 cm
- 1x Backrest module 40 x 180 cm

Family Island

Communication Lounge

4x Seating module 70 x 70 cm
 1x Backrest module 40 x 180 cm
 2x Backrest module 40 x 70 cm

Get the spa feeling in your own home

Sauna and pool areas indoors are particularly susceptible for damp build-up. This is where the lotus blossom effect of IKONO fabric comes in handy. All the upholstery fabrics are certified with the OEKO-TEX® Standard 100 label, and meet the highest hygiene standards. This prevents mould growth in spite of the humidity.

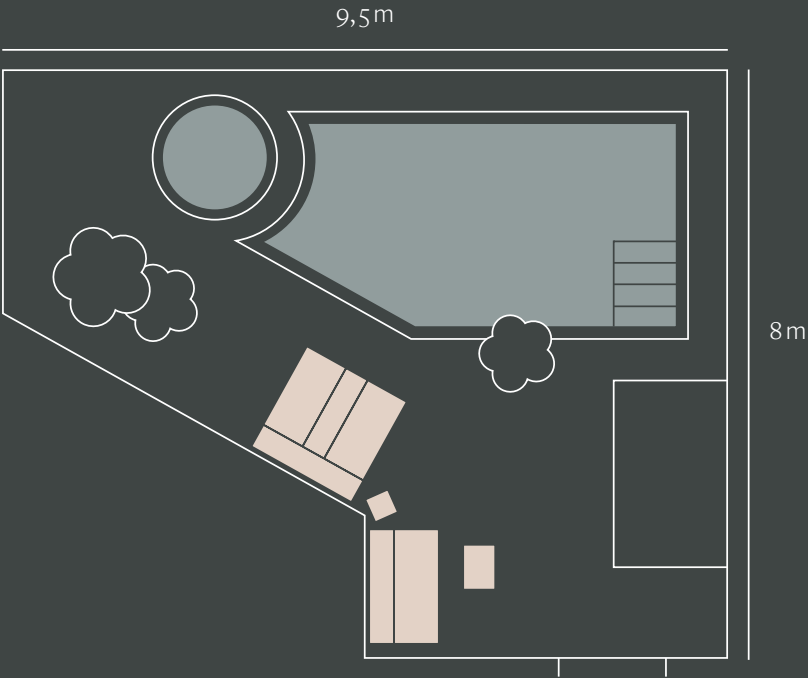

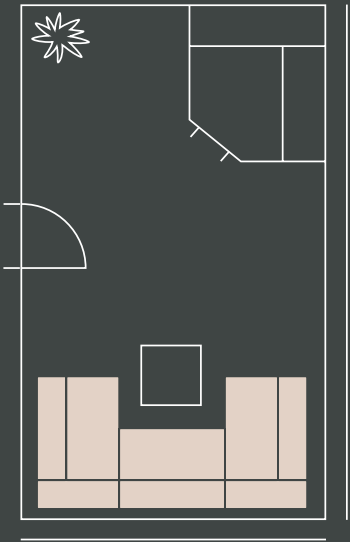

Nothing will get in the way of relaxing after a dip in the sauna again.

- 1x Stool

Large Pool with narrow furniture area

- 3x Relax Lounger S
- 1x 2-in-1 Lounge
- 1x Daybed L

Living Areas

The Lounge System is also a winner indoors thanks to the flexible modules as well as the highest level of comfort. All outdoor fabrics can equally be used indoors thanks to their uniquely comfortable feel. If you want to emphasise a natural yet expressive accent in the room, you can count on our popular aniline saddle leather with its vintage look. As a natural material, the surface of this leather acquires a striking and unique look over time.

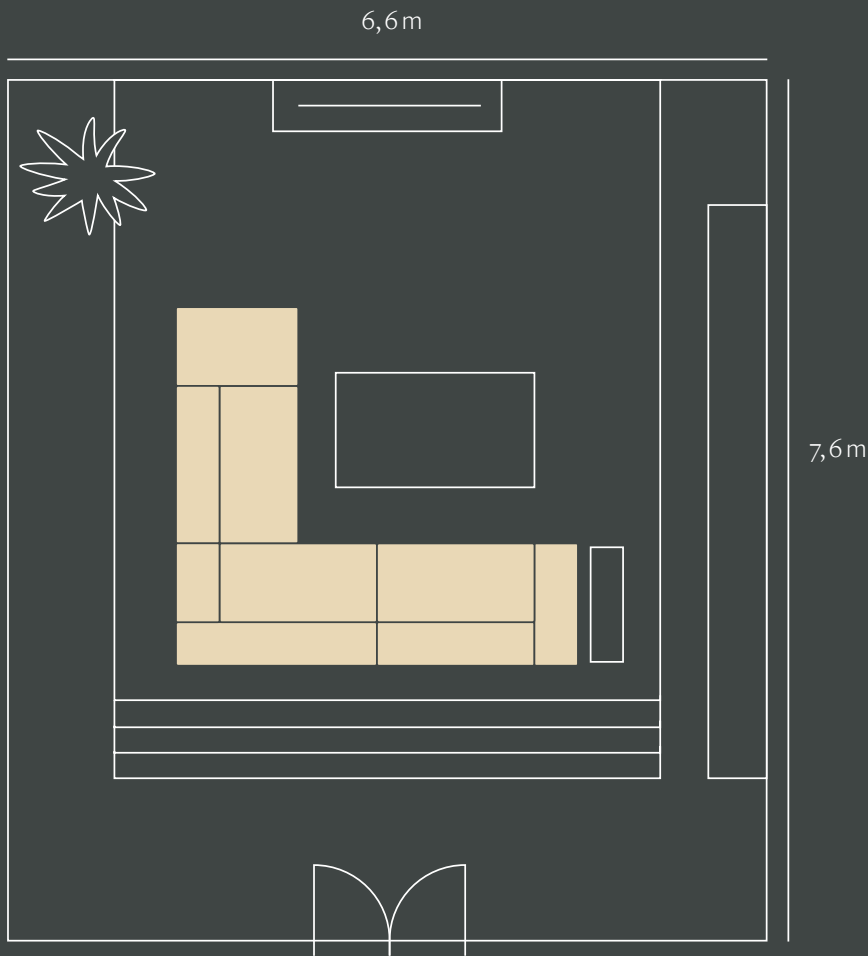

U Lounge

Lounge – Accessories

1. Parasol

With backrest modules containing umbrella holders, any Lounge set can be supplemented with high-quality parasols. They are available in a variety of UV-resistant fabrics, as well as in two different shapes: round and rectangular.

250 x 250 cm

DM 250 cm

2. Tray table

With laminate pressed under high-pressure, the tray tables are completely robust and weather-resistant. They can withstand direct sunlight, dirt and rain, and can be easily cleaned with a damp cloth. Due to being tailor-made, the tray tables can be stacked on seat stools as well as on backrest modules.

W 40 x D 35 x H 15 cm

3. Soft cushions

Decorative cushions and lumbar support cushions in one.

L 30 x W 65 cm

L 40 x W 40 cm

4. Soft cushions with bolster

The back cushion with removable bolster complements the Lounge set both in look and comfort.

L 60 x W 60 cm

5. Leaning triangle

The leaning triangle is another addition promising maximum flexibility. Thanks to the anti-slip finish and inner compartment system, it offers ultimate grip.

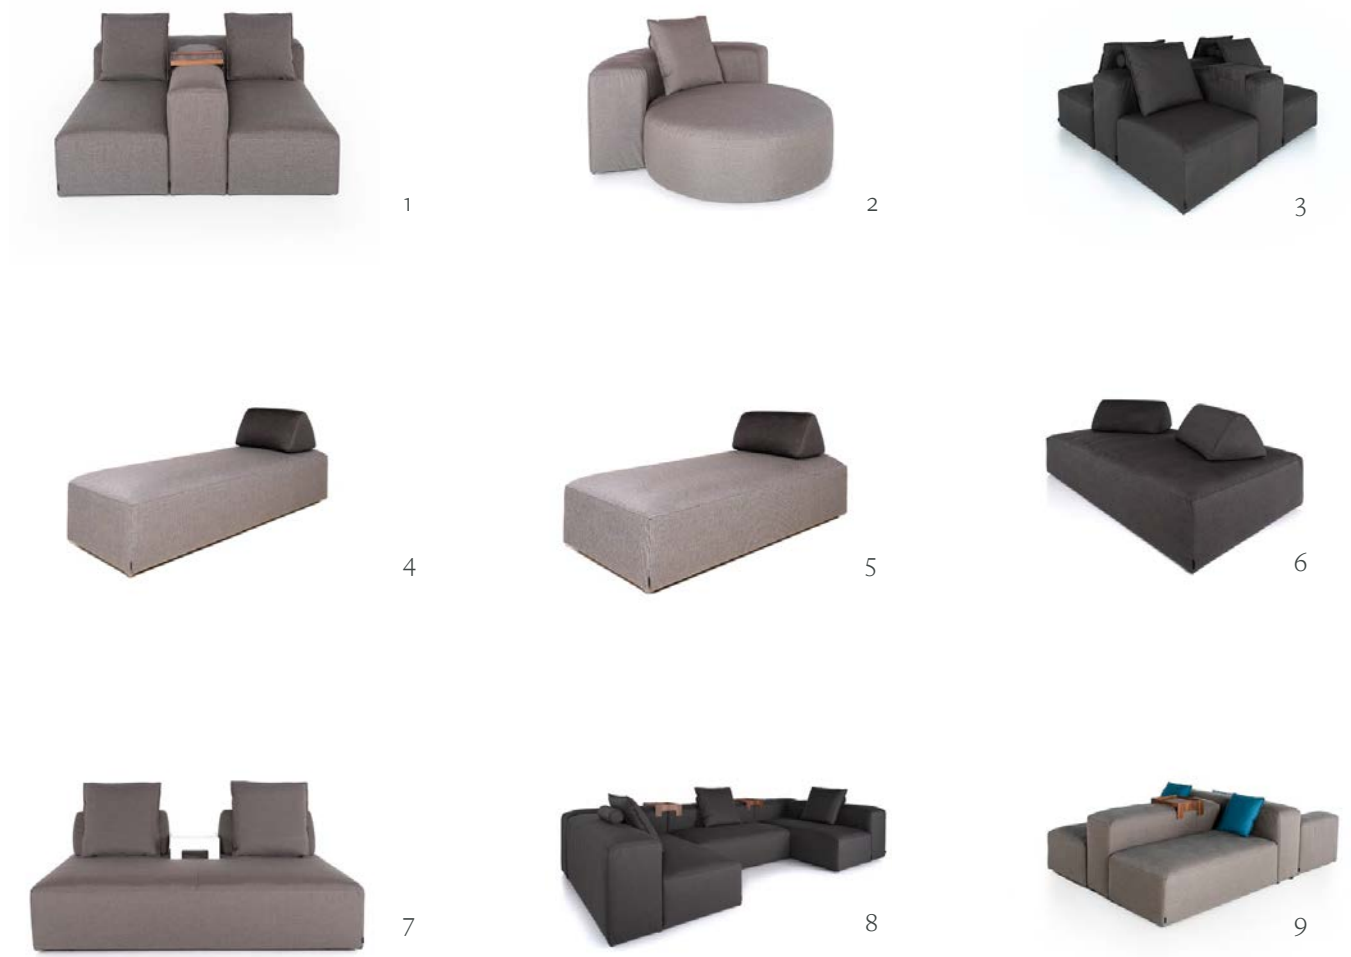

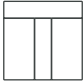

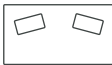

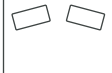

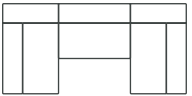

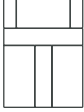

H 30 x W 60 cm | H 30 x W 70 cm

6. Tailor-made protective covers

Each module comes with a custom-made transportation cover that can also be used as a protective cover for use in the colder months. This ensures that we completely spare the environment from large-scale disposable plastic packaging.

Tried and tested combinations

Covers

The different covers can be easily attached to the IKONO aluminium profiles with the use of a sewn-on welt. This allows not only a large variety of materials, but also quick reupholstery of the modules.

*Example:
Instead of a complete new purchase, the modules can simply be given a new cover should a new colour be desired.*
